

Hagley Park – no stopping areas

There is an ongoing issue with vehicles illegally parking around Hagley Park, creating a safety hazard and also damaging our treasured, historic trees.

Illegal parking in no stopping areas such as grass berms or across private driveways is not allowed and you could be fined up to \$40. Your vehicle might also be towed, and you would have to pay to recover it.

Hagley Park is a busy place and finding a parking space can be challenging. The Council has a number of parking spaces in the area that you could try. For more information, visit ccc.govt.nz/transport/parking

Parking tips

- Look out for signs that advise where you can and can't park.
- Visit ccc.govt.nz/transport/parking for up-to-date information about parking.
- There are a number of parking areas within walking distance of fields that have designated, controlled crossings where you can cross safely.
- Leave home a bit earlier than usual to allow more time to find a parking space.
- If you have to walk to your sport field, make sure you use appropriate footwear – change into your sports footwear once you arrive at the field.

Hagley Park is a wonderful asset and the Council wants you to enjoy using it. The Council's role is to balance the needs of park users with safeguarding the park now and in the future.

Thank you for helping care for our park, and for the safety of others.
